Core Team Summary - July 2016

Meetings are 2nd and 4th Tuesdays 6:30-7:30AM at Jerry's Foods, 2nd floor conference room

Financial Report: Finance Report and Executive Summary distributed to team in advance of meeting. Continue to be guardedly optimistic. Budgeted for deficit, giving ahead of schedule, may help to close the gap. We should feel stable, however, budgeting for a deficit year after year is not a health approach.

Database Conversion: Behind schedule by about 1 1/2 weeks, will not cool out until reworked.

WPPS Agreement: Motion-Charlie, second-Rick to adopt electronic version of policies distributed prior to meeting. Director of WPPS will report to the Core Team at least annually. Motion carried.

Pictorial Directory: LifeTouch offering a new program that would update photo directories every 6 months; also a pdf file with hot links to phone numbers, and an app to go on phones. Early October target date.
