

Core Team Summary March 2017

Finance Report

Giving is slightly below budget, we will reassess at the end of the quarter to see if budget needs to be adjusted. Refinance materials are submitted to Thrivent for an estimate, then the decision will be made.

Grant for work on the historic chapel

Grant is being written to cover some of the expenses should we decide to follow the contractors advice to secure the historic chapel. Grant is due May 1.

MCCI Updates

Dan, Kelly, and the entire Core Team felt the weekend went great. It is always good to have the DS involved. Staff went way above and beyond to make the weekend happen. Thank you!!

Town Hall meetings are set up for April 2, 10, and 22. These will be lay led, with pastors present and available after the meetings. They will be a time for everyone that wants to, to be heard. Discernment is a great thing!

The vote will occur on Sunday, April 23 at 11:45. It will follow the Charge Conference format.

Connecting with Staff

Saturday morning, April 1, the Core Team met with many of the staff to hear about their areas of ministry, and what their dreams are, what is going well for them, what challenges they face, and how the Core Team can help them be more successful. It was a wonderful morning. There are a few that were not available that morning, and individual meetings will be set up with them and a Core Team member, or two.

Stewardship Team

Team is on track for their fall campaign. It will last for six weeks, beginning the week after the "Celebration Sunday".
